RUSSIAN JEWS

(Continued from Page One.)

seeking labor we would be forced to devise means for restricting immigrants, so great will be the influx.

"The evening of that day I spent at the home of Mr. Cyrus L. Sulzberger, one of New York's most prominent citizens. Mr. Sulzberger is of the opinion that Russian Jews of the agricultural class can be recruited for Hawaii in large numbers, and was anxious to secure all the information possible about our islands' climatic conditions, agricultural possibilities, etc. I left a full line of our publications with him. Mr. Sulzberger, I should have stated, is at the head of the movement to remove the Jews living in squalor in the crowded parts of New York city to other parts of the country. About 40,000 have been placed thus far, and the results have been most satisfactory. It is not from this class, however, that Mr. Sulzberger would think of securing recruits for Hawaii.

"My object in obtaining this information was simply to secure data in which I thought the members of the Chamber of Commerce might be interested, though the probabilities are that our local Board of Immigration is already fully informed as to what I have said."

ST. VITUS' DANCE

Proof of the Remarkable Power of Dr. Williams' Pink Pills in This Severe Nervous Disorder.

That Dr. Williams' Pink Pills have cured obstinate cases of St. Vitus' dance, is the best evidence that they will cure all lesser nervous disorders. Here is evidence that will stand thorough investigation. Mrs. James Wilkie, of 707 Spruce street, Cherokee, Iowa, says:

"I was of a very nervous temperament even when a child. As I grew to girlhood, more and more of the work in our family fell to me. At the same time I tried to keep up my studies in school. The strain was too great and at the age of fourteen I had to leave school, because of the run-down and nervous condition I was in. I gradually grew worse, becoming extremely irritable and suffering terribly from melancholy. It was first noticed that I had St. Vitus' dance, when I began to lose control of the muscles of my face. The disease soon spread all over my body and my head and arms seemed to tremble constantly.

"I was in this condition for about a year and dwindled away to almost nothing. Finally I became so weak that I had to stay in bed all the time. Up to this time I had been under the care of two doctors and as I became no better gave up their medicine. After I had been in bed about two months, my father heard about Dr. Williams' Pink Pills from an old friend. He bought some at once and I started using them, not expecting much benefit. I noticed very soon that the pills were helping me and that I could sleep better. We all thought this so wonderful that I was encouraged to give them a good trial. I was soon able to sleep like a log and my appetite became good.

"I was sick altogether about one and one-half years' and when I began to use Dr. Williams' Pink Pills I weighed less than 85 pounds. I gained weight rapidly, while taking the pills and weighed 117 pounds when I stopped using them. I was completely cured and have never taken medicine for my nerves since. I feel that I owe my life to Dr. Williams' Pink Pills."

They are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

ATCHERLEYS

(Continued from Page One.)

equanimity to be told, too, that Atcherley was jubilant that the Board of Health had liberated a suspect who had called him in as her physician and whom he refused to declare a leper. "I said she was incapable of spreading the disease and the Board of Health sustains me by allowing her to go to her home," is the way Dr. Atcherley expresses it, something which Pinkham declares to be erroneous, in a Rooseveltian way.

"According to the law passed by the last Legislature, we cannot hold a suspect until the final examination," he said. "And you may depend upon it, Atcherley will never declare anyone to be a leper as long as he can drag a dollar out of him by not doing so. Let him keep on. His time is coming and the more foolishness he is shown to be capable of the better case we will have against him."

HOSPITAL CONSTRUCTION.

In the meanwhile, during all the correspondence back and forth and the committee meetings and the foolishness of the whole Wallach campaign, the work of providing better hospital accommodation for the Kalihii suspects and the people at the Settlement has been going on. The new Kalihii hospital, which was to have been turned over to Wallach, is now being furnished and fitted up for the work for which it was originally intended. At the Settlement at Kalapapa, the new hospital is being finished, while a children's hospital, or nursery is all up and occupied. The hospital has an isolation ward, for contagious diseases, and a large administrative wing, while it is so arranged that a series of rooms can be added to it, up to fifty, at any time that the money is available.

"Our people are sick men and women, and we intend to treat them as such just as soon as they get into our hands from now on. Heretofore we have not been able to do so," explained Mr. Pinkham.

Nothing has as yet been done towards settling the question as to where the home for the boys of the Settlement, free of the disease, is to be built. "I have been busy with these other matters," explained the President of the Board, "and have not been able to find the place that suits me. I intend to take the matter up now, however, and will make my selection as soon as possible."

An execution for \$212.62, issued on February 13, 1907, against the property of R. L. Gilliland, was returned null and void yesterday by High Sheriff Henry.

LOCAL BREVITIES.

(From Wednesday's Advertiser.)

Indications yesterday were that the conspiracy to capture the garbage service had collapsed under pressure of public opinion.

Senator George C. Hewitt of Waiohine, Hawaii, is in town on a visit to his son attending school. In answer to a playful remark yesterday he said he was out of politics.

Charles Melnecke of Waiohine is going to dispose of his interests in Kau District, where he is a considerable landowner, and settle at Kailua, North Kona. He has five sons in skilled employment on plantations and elsewhere.

Sammy Keawe, the boy who stole a bicycle and then adopted the tactics suggested under such circumstances by his dime novel textbooks and fled to the wilds of Koolau, was yesterday sentenced to the Boys' Industrial School at Waialeale during his minority.

It is reported that a grand jury investigation of J. E. Fullerton's accounts in connection with the Rowe-Stephenson partnership will not take place. Also, that the grand jury will drop the matter of P. E. R. Strauch's cooperative land scheme.

High Sheriff William Henry is quoted as objecting to Special Officer Spillner's complaint over being refused the reward of \$50 advertised for the capture of Rodriguez, with the statement that the fugitive was surrounded in a cane field and, happening to come out where Spillner was watching, surrendered to him without resistance; also that the officers had nothing to do with locating Rodriguez but had his hiding place pointed out to them by a man who had first informed Mr. Henry and then acted under his telephoned instructions.

(From Thursday's Advertiser.)

Governor Frear will only visit one of the other islands before leaving for Washington should he find it possible to attend the conference of governors at the national capital in May.

J. H. Kawelo, district magistrate of Kawaihau, Kauai, whose serious illness of pneumonia was reported in Monday's paper, died night before last. Chief Justice Hartwell was informed of the event by a wireless message from Sheriff Rice.

L. G. Kellogg, in an interview on the pineapple industry, is reported as saying: "I think the land owners who have rented pineapple lands to the Japanese have shown very great shortsightedness, as the industry will be bound to suffer if they erect canneries. They will place on the markets of the world an inferior article."

Eben P. Low is spoken of as a probable successor to James L. Holt as tax assessor.

M. T. Lyons is out with a petition for his appointment to the position of tax collector.

Contractor L. M. Whitehouse yesterday signed the contract for the completion of the Nuuanu dam. He filed his bond with the Department of Public Works in the sum of \$30,000, with H. Hackfeld & Co. as securities.

The Japanese wrestlers who are to help at the garden party on the 15th are among the best in the islands. In addition, there will be some exponents of Japanese fencing who will take part. Both of these will be worth seeing.

Governor Frear yesterday received announcement of the meeting of the 16th annual meeting of the National Irrigation Congress, which is to be held next October in Albuquerque, N. M. He is requested to appoint delegates to attend to represent the Territory.

ASKS HIGH SHERIFF

NOT TO BE HARSH

Mrs. Atcherley was a caller upon High Sheriff Henry yesterday, coming forward to plead with the jailer to be easy on Wallach, who was an orphan and really not guilty of the offenses with which he had been charged, despite the plea that he had entered.

Mrs. Atcherley, with the numerous details of the matter that occurred to her, explained to the official that Wallach had pleaded guilty on the express understanding, conveyed to him in a special message direct from the Governor's office, that a full and complete pardon would be issued as soon as the sentence had been passed upon him.

"I think that the special messenger who brought the message was Chester Doyle," explained Mrs. Atcherley.

GOVERNOR IGNORANT OF PARDON.

"I know nothing whatever of any pardon to be issued or promised to Mr. Wallach," said Governor Frear, looking somewhat surprised when asked if he had the document in question ready to sign.

"Wallach is a little late about thinking about being pardoned," said Attorney General Hemenway, when questioned as to what he knew about any executive clemency for the near-doctor. "I don't think he will be shown or is entitled to any consideration at all."

From this it may be concluded that Wallach's hope of executive clemency, from whatever source it sprang, has been misplaced.

A VISITOR FROM JAPAN.

Among the through passengers by the America Maru yesterday was Mr. C. P. Cushman, the manager of the Osaka Gas Company. He has been in Japan for three years and is now going to New York on business to be gone about three months. While in Honolulu he was entertained by Mr. and Mrs. Charles Crane. He visited the Honolulu Gas works and had much to say in praise of their up-to-dateness.
